

Quality Policy

As a designer and manufacturer of remote site shelters and fabric containment products, our goal is to achieve or exceed customer expectations and requirements.

We will achieve this goal through:

- **Meeting customer requirements**
- **Meeting regulatory requirements**
- **Meeting the requirements of ISO 9001: 2015**
- **Meeting the requirements of relevant interested parties**
- **Continual improvement of our Quality Management System**
- **Management of risk and resources**

This Quality Policy will be presented to all employees as part of their orientation so that they will be able to focus on customer and company requirements.

The policy will be posted in the building.

The policy will be posted on the company website.

Signed 

Mike Wollan COO
